

# First Response Articulating Shelter

## PURPOSE

A multi-purpose rapid-deploy articulating shelter available for use within minutes. Ideal for use as a command post, casualty clearing area or rest area.

Available in 3 sizes to suit any application

## Features & Benefits

- Ensures state-of-the art performance, reliability and speed of deployment
- Exterior canopy configuration allows the frame to be on the inside and provide ample area from which to hang equipment
- Can be used for multiple applications including command/control, triage and warming shelter
- Compact footprint and light weight to ensure easy two person deployment under any conditions
- Full length side windows provide ample, warm weather ventilation
- Corrosion resistant anodised aluminium frame with chemical resistant fabric provides for long life and reliability
- 14" Diameter Snorkelled Port per side allows services to be taken in and out of shelter without compromising the entry and exit pathways.
- Panelled Zippered Doors at either end

## Technical Data

### • Includes:

- Ground Cloth
